Re: Call for Action
Kia and Hyundai Engine Immobilizer Litigation

Dear Governor Newsom:

I am enclosing a press release our office has distributed, asking the Governor's office to initiate litigation against Kia and Hyundai for their engine immobilizer defect. As you are undoubtedly aware, Kia and Hyundai vehicles without engine immobilizers are being stolen by the thousands, resulting in tremendous loss for California citizens, as well as the enormous waste of public resources. These are expenses for which Kia and Hyundai should be liable.

Our office has received calls from hundreds of California consumers who have been severely impacted by this situation. There are most certainly thousands more who have been similarly injured. I welcome the opportunity to discuss this issue with you at your convenience.

Thank you for your attention to this important matter.

Sincerely,

Jonathan Michaels
